

Beachfront Penthouse, Bahía del Velerín

New Golden Mile, Estepona/Marbella, Málaga · Ref BOG-EX-003

€2.995.000

Bedrooms	3	Bathrooms	3
Interior	154 m ²	Terrace	203 m ²

Overview

Set inside the gated community of Bahía del Velerín on Estepona's exclusive New Golden Mile, this frontline beach penthouse has been fully renovated to create a calm, light-filled coastal retreat. Ten minutes from Marbella and around forty-five minutes from Málaga Airport, the position offers a rare balance of privacy and connectivity.

The living spaces are lined with floor-to-ceiling glass, porcelain floors and a restrained neutral palette. The kitchen is fitted with Neff appliances, a wine cooler and dual dishwashers, and flows naturally into the dining and living areas. The master suite opens directly onto the terrace and features a spa-inspired en-suite, while two further double bedrooms share the same sense of light and quiet.

The south-facing rooftop terrace is the real heart of the home: 203 square metres of outdoor space with uninterrupted views across the Mediterranean, Gibraltar and the North African coastline. A private staircase leads to the beach, while the community offers tropical gardens, a beachfront pool, gym, spa, concierge and 24-hour security. The property is offered fully furnished and includes underground parking and private storage.
